**NEWS RELEASE**

## NEW EQUIPMENT

**T**essier Ltd is proud to announce the addition of a brand new AT hydraulic crane with a lifting capacity of 350 ton. This crane, Grove model GMK 6350L, offers a lifting capacity and a reach that is incomparable in her category. Her high technology coupled with her quick assembly make this crane the ideal model for a whole series of lifting applications insuring a high performance and an unprecedented flexibility. The mobility of this crane is the perfect choice and economical answer to the requirements of today's market. Her MEGATRAK suspension allow her to easily manoeuvre rough terrains.

This reflects Tessier Ltd's continued commitment to innovate in order to offer efficient services to meet the needs of its present and future clientele.

Our representatives will be happy to provide further information.
